Saad Gul

FRONT-END ENGINEER & SHOPIFY SPECIALIST

Islamabad, Pakistan gul.saadkhan@outlook.com +92 342 5603490

linkedin.com/in/saad-gull-011934164

PROFESSIONAL SUMMARY

A dedicated **Front-End Engineer & Shopify Specialist** with 5+ years of experience transforming complex UI/UX designs into pixel-perfect, high-performance web applications and high-converting e-commerce stores. Expert in bridging design and engineering using modern frontend technologies including **React.js** and **Next.js**, as well as Shopify Theme Architecture (**Liquid**, OS 2.0 Sections, AJAX Cart & Search APIs). Committed to delivering clean, maintainable code, optimizing Core Web Vitals, and creating intuitive user experiences on time and to specification.

WORK EXPERIENCE

Senior Shopify Developer — FAJ IT Solutions

Tech Stack: Shopify, Liquid, HTML5, CSS3, JavaScript (ES6+), Material UI

October 2025 – Present | Islamabad, Pakistan

- Designed, customized, and optimized high-converting Shopify themes using Liquid, improving site performance, page load speeds, and conversion rates.
- Translated complex Figma prototypes into **pixel-perfect, responsive UI components** with Material UI while maintaining strict WCAG accessibility standards.
- Implemented dynamic storefront features with modern JavaScript and Shopify AJAX APIs (drawer cart, live search, product filtering), streamlining customer journeys.

Frontend Engineer — Byte-Sol / Comparables

Tech Stack: React.js, Next.js, Material UI, JavaScript, Git

September 2023 – August 2025 | Islamabad, Pakistan

- Developed and maintained responsive, high-performance frontend components using **React** and **Next.js**, ensuring seamless user interactions across platforms.
- Translated complex Figma designs into pixel-perfect UI with Material UI, maintaining design consistency and accessibility across all screen sizes.
- Collaborated with backend engineers and product teams to integrate AI-driven financial comparison features for improved client decision-making on **comparables.ai**.
- Ensured robust code quality, modular architecture, and smooth release cycles using Git/GitHub version control and collaborative agile workflows.

Senior Shopify Developer Contract — MultiInsights

Tech Stack: Shopify, Liquid, HTML5, CSS3, JavaScript

April 2024 – December 2024 | Islamabad, Pakistan

- Transformed Figma design prototypes into high-fidelity, responsive Shopify themes, ensuring a seamless translation from concept to live e-commerce stores.
- Developed dynamic and user-centric storefronts using advanced HTML, CSS, JavaScript, and Liquid programming to create engaging shopping experiences.
- Bridged the gap between UI/UX design and technical implementation, focusing on performance, accessibility, and brand consistency.
- Executed end-to-end project builds, delivering robust and scalable e-commerce solutions that consistently exceeded client objectives.

WORK EXPERIENCE (CONTINUED)

Senior Shopify Developer Contract — Markloops Creative Agency

Tech Stack: Shopify, Liquid, HTML5, CSS3, JavaScript, jQuery September 2023 – March 2024 | Islamabad, Pakistan

- Proficient in translating Figma designs into responsive Shopify interfaces, ensuring seamless integration of design concepts into functional web solutions.
- Expertise in HTML, CSS, JavaScript, jQuery, and Liquid, facilitating the accurate translation of design languages into clean, maintainable code for enhanced UX.
- Skilled in crafting compelling and user-friendly e-commerce platforms by bridging the gap between design concepts and technical execution.

Shopify Developer / Specialist — VOLPEA SOLUTION

Tech Stack: Shopify, Liquid, HTML5, CSS3, JavaScript, jQuery September 2020 – August 2023 | Rawalpindi, Pakistan

- Leveraged deep expertise in HTML, CSS, JavaScript, Liquid, and jQuery to build and customize commercial websites as a Shopify Expert for 3 years.
- Developed numerous websites from scratch and tailored hundreds of client stores to meet custom functional requirements.
- Demonstrated mastery working with Shopify sections, snippets, templates, and plugins to deliver high-converting e-commerce solutions.
- Collaborated directly with international clients to identify project requirements, audit technical bottlenecks, and implement best practices.
